Rock Island Viaduct Closure

Weather permitting the Rock Island Viaduct (Sylvan Slough Bridge) will be closed for repairs 8:30 a.m. Friday, August 7th through 11:00 p.m. Sunday, August, 9th. This is being done by the City of Rock Island to allow for repair of an area of the bridge that was struck by a train. If unforeseen problems arise the contractor may need until 4:30 a.m. Monday, August 10th to complete the repairs.

Entry/Exit to and from the Rock Island Arsenal will be available 24/7 via the Moline and Davenport entrances.

Bicyclists and pedestrians will be able to transit between Iowa and Illinois via the Government Bridge, American Discovery Trail, and the bicycle bridge adjoining the Rock Island Viaduct.
