

2010-2011 CDBG & Gaming Application Release

City of Rock Island

July 27, 2009

The City of Rock Island will make available applications for [CDBG](#) and [Gaming funds](#) on Monday, August 3, 2009. Agencies interested in applying for funds should complete an application and return it to the City of Rock Island Planning and Redevelopment Division by **5:00 pm. Tuesday, September 1, 2009**. Please note that late applications will not be accepted. Applications from individual households are also not accepted.

Last year, the City received \$1,167,221 in CDBG funding. The City anticipates receiving a similar amount of funding for FY 2010-2011. The actual amount available will not be known until the Fall of 2009. Applicants seeking funding to support housing, neighborhood, and economic development activities are encouraged to apply.

This year the City is also allocating \$50,000 in gaming funds to support non-City social service agencies providing services to Rock Island residents. This is in response to the continuing reduction in Community Development Block Grant (CDBG) funding to Rock Island, where we have seen annual allocation decline from nearly \$1.6 million in fiscal year 2000-01 to \$1.167 million expected in FY 2010-11.
