8. Update Rock Island by Mayor Thoms

Rock Island Library Survey - As the Library Department looks to revisit a strategic plan changed by COVID-19, the Rock Island Public Library wants to know what you think. The library is currently running an online opinion survey and would appreciate your input to identify community needs, potential barriers to library use and opinions on community challenges. The survey is open through February and is available to anyone, including non-users. It can be taken online at www.rockislandlibrary.org.

Snow Routes - As we expect more winter precipitation this week, please note that parking is not allowed on designate snow routes when marked by street signage. Vehicles in violation of this ordinance will receive a \$25 parking ticket. Vehicles that remain in violation will be towed. In the event of snow, major emphasis is placed on primary streets and hills with secondary priority given to school areas. Residential streets are cleared when the primary and secondary streets are completed.

Parks Financial Assistance Program - The Parks and Recreation Foundation thinks everyone should have the opportunity for enjoying Parks and Recreation programs that allows for healthy lifestyles. The Foundation is offering financial assistance for those that want to find recreational programs of interest. For assistance or making contributions, please call (309) 732-7275 or visit www.riparksfoundation.org.

27. Other Business

Alderman Poulos stated that we are coming to the end of the sunset clause next month in regards to the 2:00 closing of of the liquor licenses that was put in place during the latter part of 2020 and he suggested the aldermen have some discussion on the item one on one or set up a meeting before the deadline. Mayor Thoms said that discussion could be allowed at that time as there will be vote taken that evening. Alderman Poulos suggested that the item be discussed since they were in open meeting and get some thoughts out there. He stated that for the record, he is for keeping it at the 2:00 closing on a permanent basis. Alderwoman Swanson agreed with Alderman Poulos stating that she thought the 2:00 was a good idea and we would be the same as the other cities around us. Alderman Hurt stated that he agreed with Alderman Poulos and Alderwoman Swanson on the 2:00 closing.

Alderman Parker added that the council just ageed on a contract with the QC Chamber and he thinks that the city council should be engaging the Downtown Task Force or Steering

Committee before making this decision. He said he didn't think the Council should be making this decision before talking to them. Mayor Thoms stated that he had already asked Interim City Clerk to set up another meeting with this committee to talk to them. That it was his intention to bring it before the Steering Committee to get their recommendations, but that it was ultimately up to the the City Council to make the decision. Alderman Geenen added that he thinks the Task Force should be allowed to do what the Council tasked them to do before a rush to make a decision. He said the Task Force was empowered to make these decisions and to help us and he wants to make sure they are allowed to do so. Alderman Poulos stated that he does not disagree with the Task Force giving their decision, that he was just stating his opinion at this point. He added that if they came up with a plausible argument that would sway the other council members, then so be it. Alderman Clark added that he agreed with Alderman Parker and Alderman Geenen that the City should wait to get the opinions of the Task Force before the council makes a decision since they are the people that we asked to do that job. Mayor Thoms stated that we did this suspension during the winter months and during the pandemic, so both of those factors come into this. Was it a fair evaluation. Alderman Poulos said he would like to have the Police Department weigh in on this topic as well as they have more experience in this area, not just during 2020, and he would like to hear their comments before a vote is taken. Poulos states that he feels that what they have to say would be beneficial to the Council members.

Mayor Thoms stated that there are a number of options that could happen. He stated that the Council could put a new end date on it it could be made permanent or it could just go back to the way it was when the sunset expires. He added that he thought it should be brought forth before the February 22nd Council meeting so that everyone is familiar with what will happen in the futures. Thoms stated that Alderman Poulos brought up the need to plant the seeds so that it can be discussed before the 22nd of February. Mayor Thoms stated that before the vote, the Council would have the input of the Council, the Police Department and the Task Force. If there were any other questions, he asked that they be directed either to the City Manager or himself so that they could get everyone the information that the need.
