The Rock Island City Council met in Study Session at 5:00 p.m. in the Personnel Conference Room of Rock Island City Hall. Present were Mayor Dennis E. Pauley, presiding, and Aldermen, David Conroy, P. J. Foley, Stephen L. Tollenaer, Jason W. Jones, Joy Murphy and Charles O. Austin III. Also present were City Manager John Phillips, Community and Economic Development Director Greg Champagne, Urban Planner II Jill Doak, Chief Building Official Tom Ayers, Renaissance Rock Island President Brian Hollenback, Public Works Director Bob Hawes, Administrative Services Director John Thorson and other City Staff. Alderman Terry M.A. Brooks I arrived at 5:15 p.m. City Attorney John Konecky joined the Study Session at 5:45 p.m.

MISCELLANEOUS

City Manager John Phillips stated that he would not be at the Council meeting this evening. However, Bob Hawes would attend the meeting.

OVERVIEW AND UPDATE ON NSP1 AND NSP2

City Manager Phillips inquired upon Renaissance Rock Island President Brian Hollenback to update Council on the progress of NSP1 and NSP2 (Neighborhood Stabilization Program).

Mr. Hollenback stated that City staff has done a tremendous job to try to work through the challenges of working with the Illinois Housing Development Authority on NSP1.

Mr. Hollenback explained the process for NSP1. It was noted that HUD gave the dollars to the Illinois Housing Development Authority, which is the grantee. The City of Rock Island is the subgrantee and Rock Island Economic Growth (RIEG) is the subgrantee of the City. It was noted that the amount of the award was $3.1 million dollars. Mr. Hollenback stated that with NSP2, HUD allocated the funds directly to Rock Island Economic Growth. It was noted that NSP2 was a shared award of $18.5 million dollars between the Cities of Rock Island, Moline, Sterling, Illinois Housing Development Authority and Rock Island Economic Growth.

Mr. Hollenback advised that in regards to NSP1, 11 homes have been secured; there is site control of one (1) home and in negotiations on two (2) homes. It was noted that two (2) homes are out for bid. Mr. Hollenback stated that all funds for NSP1 must be committed by September 4, 2010. Mr. Hollenback offered that NSP2 is a three (3) year grant, which began on February 11, 2010. It was noted that the time limit on spending the funds is two (2) years. Mr. Hollenback explained that there is a difference between NSP1 funds and NSP2 funds. Mr. Hollenback advised that with NSP1, the funds have to be committed. It was noted that GROWTH has the property and entered into the agreements. On NSP2, the funds not only have to be committed, they have to be spent by the deadline, which is February 2012. Mr. Hollenback noted that the portion of funds for Rock Island that have to be spent is just under $11 million dollars.

Mr. Hollenback presented an overview of Jackson Square. Mr. Hollenback indicated that rent ranges of 25% or eight (8) units are restricted to 50% of the area median income and 22 units are
income restricted of those earning 120% of the area median income. It was noted that the unit counts include three (3) one (1) bedroom units, 17 two (2) bedroom units and 10 three (3) bedroom units. Mr. Hollenback pointed out that this development is just under $8.5 million dollars. It was noted that the first mortgage financing is from Modern Woodmen Bank at $1,325,000.00 and $5,908,929.00 of the NSP2 dollars. Mr. Hollenback displayed a slide show of the Jackson Square floor plan.

Mr. Hollenback discussed the New Old Chicago Plan. It was noted that the New Old Chicago Plan is within a three-phase approach, which is a Community Heart (phase-1), then expanded (phase-2) and Gateway North (phase-3). Mr. Hollenback explained that this is a combination of what is intended to be built, attracting private investment and looking at reinvestment of program income once the homes are sold. Mr. Hollenback advised that all investment activity is targeted within specific census tracts.

Council discussed community as it relates to looking for sites concerning census tracts and ranking elevation of properties. Mr. Hollenback discussed clustering as it relates to the investments.

Mr. Hollenback pointed out that the purpose of this Neighborhood Stabilization is to stabilize neighborhoods and to also stabilize and increase property values. It was noted that all properties that have been bought in regards to Neighborhood Stabilization have been vacant, abandoned or foreclosed with the majority of the properties having been abandoned or foreclosed.

Discussion followed regarding infill new construction as it related to the utilization of NSP funds in targeted areas, which includes the New Old Chicago neighborhood.

Mr. Hollenback stated that outside of the demolition, the first phase of NSP1 and NSP2 is to look at the purchase of vacant, abandoned or foreclosed homes in which there are approximately 30 homes that will be renovated and sold, and the program income will be reinvested. Mr. Hollenback noted that in the new construction component, the first phase will be approximately nine (9) or 10 properties and the program income will continue to cycle back in. The New Old Chicago area will be a three-phase approach. Mr. Hollenback commented that the adaptive reuse of the home component is the 30 units at the former Illinois Oil site. Mr. Hollenback noted that this is a very aggressive investment in the community.

More discussion followed regarding the phases and site control as it relates to the New Old Chicago Neighborhood Plan. Council also discussed process and procedure as it relates to responsibilities of the grantee and subgrantee concerning NSP1 and NSP2 funds. Council further discussed census tracts as it relates to the purchase of targeted properties in specific parts of the City and percentages as it relates to neighborhoods and median income.

Mr. Champagne updated Council on the demolition portion concerning the NSP grants. Mr. Champagne stated that NSP funding in the amount of $611,000.00 will allow the City to remove between 30 and 35 structures. Mr. Champagne commented that the City looks at the impact on neighborhoods and demolition is the last resort. It was noted that currently, the list is being prepared for the second round of demolition. Mr. Champagne concluded that in several weeks, a
development agreement will be put on the Agenda regarding the Jackson Square agreement. It was noted that it would be a modification to that original agreement.

PROPOSED CIGARETTE ORDINANCE

City Manager Phillips stated that the Smoke Free Illinois Act became effective in January of 2008. Mr. Phillips indicated that the state passed no rules to help the City interpret the provisions of that statute. Mr. Phillips pointed out that the Cities of Rock Island, Moline, East Moline and Rock Island County worked together to draft an ordinance, which is based on the state statute to allow for more definition into some of this state statute. In addition, a local ordinance would give the City the ability to enforce it rather than relying on the state statute.

City Manager Phillips then inquired upon Chief Building Official Tom Ayers to explain this need for a smoking ban ordinance.

Mr. Ayers pointed out that when the state statute came out, it did not identify any rules or regulations for enforcement and the language was somewhat vague. In addition, there was a lot that was not covered in the statute. Mr. Ayers indicated that a year later an amendment to the statute came out and it was larger than the original statute, but still there were no regulations or implementation language.

Mr. Ayers stated that the Illinois Department of Public Health has an agency administering the Smoke Free Illinois Act. The City was told that every case that has been appealed has been rejected by the court due to the vagueness of the statutory language. Mr. Ayers stated that even with the amendment to the statute, it is not a complete document. Mr. Ayers added that with the above concerns, Rock Island, Moline, East Moline and Rock Island County met and drafted this Smoking Ban Ordinance to improve the definitions and rules.

Mr. Ayers advised that this proposed ordinance plugs in the gaps and the ordinance parallels the statutory language.

City Attorney Konecky stated that the ordinance will allow for full local enforcement; provides for the use of the Administrative Hearing process and retains the entire amount of levied fines locally.

Council discussed this issue.

City Manager Phillips stated that the ordinance will be put on the Agenda at the next Council Meeting for Council consideration.
