

Residential Parking Permit

Residents that would like residential permit parking will need to submit a petition that must be signed by residents representing two-thirds (2/3) of the dwelling units in the proposed area.

The cost of a Residential Parking Permit is \$5 per year for each owned, leased, rented or assigned vehicle and is applicable only to the designated street. These permits shall not be transferable to other vehicles. Each resident issued a Residential Parking Permit will also receive without additional fee two (2) Visitor Parking Permits which may be displayed only upon vehicles not registered to residents of the dwelling and may be transferred between vehicles. In the event that a resident does not own any vehicles, two (2) Visitor Parking Permits may be obtained by payment of a \$5 annual fee.
